

AIGI 98 (High Temperature/High Speed Pump and Valve Packing)

Product Description

AIGI 98 is an interbraided Packing using high quality carbon fiber reinforced flexible graphite tape. The extreme temperature resistance, self-lubricated capability and high heat dissipation make AIGI 98 an excellent choice for high temperature and high speed equipment. The tremendous sealability and strength of the reinforced flexible graphite also make it an excellent choice for valves in chemical and petrochemical plants and refineries as well as power plants.

Property	Value
Color	Black
Temperature	650°C (1200°F)
PH Range	0 ~ 14
Speed	13m/s (2500 Ft/min)
Pressure	200kg/cm ² (3000 PSI)

Application

Pumps and valves in power plants, chemical and petrochemical plants and refineries
